

APPENDIX 6. LINKAGES

Developing and maintaining links among collaborating universities and government ministries, departments of agriculture, and private-sector aquaculturists around the world forms a significant ancillary contribution to the CRSPs research effort and to the goal of expanding the role of aquaculture in the developing world. The following list includes informal linkages and connections made by CRSP researchers in the field and reported to the Program Management Office (PMO) during this reporting period as well as those maintained by the PMO.
